# DOMINANT FUNKTION

FOUNDERS OF THE "X-FUNK" MOVEMENT.  
MIGHT MAKE YOU DANCE UNCONTROLLABLY.

# ABOUT THE BAND

Dominant Funktion is a band from Marseille, France, led by legendary drummer Jimmy Daniel (Aretha Franklin, Diana Ross, Chuck Berry...), bassist Martin Innocent “Bart”, pianist Matteo Astuzia, and saxophonist César Boishus. They are the pioneers of a brand new genre : X-Funk, short for experimental Funk.

They redefine funk with style, dynamism, and self-deprecation, proudly calling themselves a "Kick Ass Funk Band" — and they deliver.

They have recently recorded some new songs, which you'll be able to hear before everyone else in this EPK, so stay tuned!

# ABOUT THE MUSIC

Their music blends groove, sophistication, and spontaneity, drawing from jazz, gospel, electro, and more. Their tracks, though carefully crafted, feel effortlessly improvised.

On stage, they radiate energy, mixing improvisation and audience interaction for a fun, electric, laid-back vibe, sometimes all at once. ! Their diverse audience ranges from music connoisseurs to casual fans, all united by the joy of discovering their unique take on funk music. With their bold but accessible sound, Dominant Funktion expands the genre's limits, proving music is about connection and feeling alive. They do funk *differently* — and people love it.
